

Data Entry Service

Work Diary Pages:

All of our Data Entry Specialists are experienced in the Transport Industry and have extensive knowledge in NHVAS, Trucksafe and WAHVA compliance programs. We can connect to you online via a secure portal to complete all Data Entry in a safe and reliable environment.

If you are an existing Transport Compliance Pro, Fatigue Pro or Fatigue Pro (*Lite*) customer, your Work Diary pages can be entered into your existing Data File and all reports run from within your own software. Alternatively, we can enter all data into our secure Database Management System and provide you with all of the relevant summaries, reports and recommendations based on our expert observations.

All entered information is treated confidentially and remains your intellectual property. Once we have supplied you with the necessary reports, your data will be deleted from our system immediately. Upon completion, we will also provide you with a Data file which can be used for future entries and further analysis.

What's included:

- ✓ We enter your Work Diary pages into our proven Fatigue Management Software (*Fatigue Pro*) which includes all business rules and parameters for STANDARD and BASIC Fatigue Management.
 - ✓ We supply you with a full breakdown of pages entered for each driver including a summary of compliant and non-compliant pages, total hrs. worked and total rest.
 - ✓ Prepare a detailed report outlining all breaches found, any recurring issues and recommendations and effective strategies on how all breaches should be handled i.e. Non Conformance Reports etc.
 - ✓ We provide a 25% discount for existing clients running our Transport Compliance Pro, Fatigue Pro or Fatigue Pro (*Lite*) software
 - ✓ All Data Entry can be completed remotely via secure portal meaning no travel costs or postage is required
 - ✓ Upon completion, we will provide you with a Data file which can be used for future entries and further analysis.
